

International Society for Sanitation Studies

Annual Conference 2023

Date: November 28, 2023 | **Time:** 10:00 - 18:30 JST

Venue: Online (Zoom & Slack) | **Participation Fee:** Free

Theme | *Water, Sanitation, and Hygiene for socially vulnerable populations*

The *International Society for Sanitation Studies (ISSS)* was launched in April 2022. The significance of addressing sanitation is articulated in the United Nations' Sustainable Development Goal 6 which states that we should "Ensure availability and sustainable management of water and sanitation for all." ISSS aims to bring a broad range of stakeholders together to tackle global sanitation through a truly inter- and trans-disciplinary approach recognizing that sanitation must be viewed through the nexus of Health, Materials and Socio-culture.

We therefore welcome you to the **ISSS Annual Conference 2023**.
